pattayapizza!

the manifesto

Pizza has been with us for hundreds of years, hence the varied evolution of styles and recipes that we have today. At **pattayapizza**, we strive to take the best versions we have experienced over the years— from tiny local pizzerias in Tuscany, neighborhood haunts in Greenwich Village to modern variations from California- and take the best from each to create our own local Pattaya version.

*Our pizza is American influenced with Italy' s quality ingredients providing a perfect balance of cultures. Italian tomatoes, Italian extra-virgin olive oil & Italian mozzarella cheese give our **pattayapizzas** the taste you will love.*

No two people can ever agree on what the best pizza tastes like. Thick crust, thin and crispy, European, Chicago style, New York, New Haven or traditional Italian, not to mention the sauce recipes and toppings. Order a pizza at a party and everyone wants something different! Even in Italy, every region has its own style of pizza that the locals think is perfect.

We know that if we provide fresh ingredients, take care with our dough preparation and proving, and maintain high standards to our recipes then the vast majority of tastes will be happy with the results of our efforts. We sincerely hope you will enjoy our pizzas and please let us know if you see room for improvement. And don' t be afraid to build your own beauty!

P.S. Your pizza might be 60 seconds later than the other guys. Our drivers have strict instructions to drive calmly and carefully, so you will never see us cutting you off or driving crazy for a delivery. We will never compromise the safety of the public or our drivers for a few seconds advantage.

We want this to be the beginning of a beautiful relationship. Enjoy!
